

Sunset RV Park

Pets Are Welcome!

We love you to have your pet animal with you while you stay with us. Here are some guidelines you must follow with respect to your animal (pet) in our park:

- All animals must have a certified Rabies Vaccination before they enter the park. There are wild creatures in the area, and the rabies virus has been documented locally. Your pet does not need to be bitten by a rabid animal, only to come in contact with its saliva to contract this deadly disease. You must supply us with your veterinarian certificate of the current vaccination (just the collar tag isn't enough – we need the paperwork).
- Dangerous or vicious animal breeds are not allowed. Display of dangerous or vicious behavior by any animal or its handler while here will not be tolerated. These animals and their owners will be evicted.
- Pets are not to be left unattended **at any time**. We are stringent about this. It is only fair to us, to your neighbors, their pets, and to your pet.
- Pets are not allowed inside the fenced pool area.
- ALL pets must be controlled by leash. Some folks who share our park may not like, or may be scared of animals. Some of your neighbors have their pets with them. Sometimes animals act unpredictably. You must be able to control your pet at all times.
- Pet waste must be properly disposed of in waste cans located throughout the park.
- Pet Walk Areas are along the lake across the street beyond Waterview to as far as the big rock and along the wooded trail at the rear of the park.
- Your invited visitors *are not* entitled to bring their pets when they visit you here.

Failure to follow these guidelines will result in our requesting you to remove your pet, or leave the park, without refund.

Thank you for choosing us, being a responsible pet owner, and for bringing your well-behaved pet with you.

I hereby certify that my _____
(color) (breed) (cat, dog, ferret, etc) (pet's name)
is licensed and has a current vaccination for rabies, copy attached. I agree to adhere to the above rules.
